Publisher's note regarding paper

Wolfgang Schöllhorn, Fabian Horst Effects of complex movements on the brain as a result of increased decision-making. *Journal of Complexity in Health Sciences*, Vol. 2, Issue 2, 2019, p. 40-45, <https://doi.org/10.21595/chs.2019.21190>.

The description of the correction

Typing error in the paper finally approved (after the acceptance) by the authors. The sentence with the word „divergent“ on page 3, paragraph 2, sentence 2 should be replaced in the following manner.

Incorrect sentence:

An additional shift of focus of the structure of interventions from biomechanical variables towards an earlier suggested model [24] resulted in the ‘constraints led approach’ [25] which corresponds to a mix of the guided discovery and divergent discovery teaching style [48].

Revised sentence:

An additional shift of focus of the structure of interventions from biomechanical variables towards an earlier suggested model [24] resulted in the ‘constraints led approach’ [25] interpretation that corresponds to the guided discovery with convergent discovery teaching style [48].
